Q8 TFSI e

Audi Q8 Australian Specifications

Q8 TFSI e quattro S line

Technical data

Engine type	V6 petrol engine with direct fuel injection, turbocharging and Plug-in Hybrid Vehicle technology (PHEV)
Capacity (cc)	2,995
Battery type	Lithium-ion
Gross battery capacity (kWh)	17.9
Power (kW)	340
Torque (Nm)	700
Driveline	quattro
Transmission	8-speed tiptronic
Acceleration (sec) 0-100km/h [^]	5.4
Top speed in km/h [^]	240
Unladen weight in kg ¹	2,585
Maximum towing weight (braked) in kg	3,500
Maximum ball weight in kg	350
Fuel consumption (combined) litres per 100 km [#]	2.6 [°]
CO2 emissions grams per km [#]	60
Electric range (km) - NEDC cycle [#]	59

Safety²

Front airbags for driver and passenger, side airbags for front and rear side passengers, head level curtain airbag for front and rear	●
Attention assist – provides a warning alert tone and visual signal if the system evaluates that the drivers attention may be lapsing	●

Audi pre-sense rear – preventative protection measures including tensioning of front seat belts and closing of windows and sunroof where the risk of a collision is detected ²	●
Electronic Stabilisation Control (ESC) with electronic wheel-selective torque control, ABS, ASR, EDL and Brake Assist	●
Tyre pressure loss indicator - visual and acoustic warning in the event of preasure loss	●
First aid kit and warning triangle	●
Seatbelt reminders for all passengers	●

● = Standard | □ = Optional equipment | — = Not available | NCO = No cost option

[#] Figure based on ADR 81/02 (pure electric range). Figure is derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition, use of ancillary features (eg air conditioning) and accessories (including wheel size) fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

[^] Please note figures are sourced from overseas data where equipment levels by model variant may vary.

[°] Figures are on the basis of 21 inch wheels.

● = Standard | □ = Optional equipment | — = Not available | NCO = No cost option

Please note that this is a preliminary specification sheet and the information contained within it can change without notice prior to launch of the vehicle. This should only be used as an ordering guide only.

- ≈ Conditions and exclusions apply, see <https://www.audi.com.au/au/web/en/owners/warranty.html>. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under Australian Consumer Law and do not limit or replace them.
- # Figure based on ADR 81/02 (pure electric range). Figure is derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition, use of ancillary features (eg air conditioning) and accessories (including wheel size) fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.
- * The content and scope of the Audi connect plus services offered may vary from time to time. Features vary by model and Audi AG may add, change, replace or remove individual services or features at any time during your subscription for the Audi connect plus services. Terms and conditions apply, please visit www.audi.com.au/audiconnectplus-terms-of-service for more information. Additional information about our privacy practices and procedures is contained in our Privacy Policy located at: www.audi.com.au/audiconnectplus-privacypolicy
- 1 Unladen vehicle weight includes driver (75kg) and fuel tank 90% full, calculated in accordance with the current version of Directive 92/21/EEC. Optional equipment may increase the car’s unladen weight and drag coefficient, whereupon the possible payload limit and/or the top speed will be reduced accordingly.
- 2 Audi driver assistance systems work only within system limits and are intended to assist the driver. The driver remains responsible for driving the vehicle and is required to remain attentive at all times.
- 3 Audi connect plus Navigation & Infotainment services. These services are provided through a SIM card permanently installed in the vehicle. The costs of calls and data connections are included in the price of the services. Audi connect plus services are valid for 3 years after vehicle delivery. Emergency call and Audi Service Request are valid for 10 years after vehicle delivery. If Audi connect plus services are based on services from third-party providers, permanent availability cannot be guaranteed as this is the responsibility of the third-party provider.
- 4 Audi connect plus Security & Assistance services. These services are provided through a SIM card permanently installed in the vehicle. The costs of calls and data connections are included in the price of the services. The services provided by Audi are only available within the coverage of the mobile phone network. The services are generally provided for at least 1 year and up to 3 years from vehicle delivery. The emergency call service is provided for up to 10 years from vehicle delivery.
- 5 Please check with your Audi dealer for approved telephones that have been tested by Audi for compatibility.
- 6 Digital radio reception coverage dependent on vehicle location.
- 7 MMI navigation functional features may differ or not be available for the Australian market. Please refer to your Audi dealer for up-to-date information.

Vehicle pictured is an Q8 TFSI e quattro tiptronic S line with optional equipment shown.
