Minimise tax this end of financial year; invest in an Audi.

Introducing Audi Stimulus Plus: Audi guarantees additional savings¹ on top of the government's 50% tax break³ across the range².

At Audi, we support the government's tax break³; which is why we are adding further stimulus to this initiative. Introducing Audi Stimulus Plus; where if you order and take delivery of a new or demonstrator Audi model from across the range² before June 30, 2009, not only could you receive the government's tax break of up to 50% (being \$8,577) if you're a business, but Audi guarantees an additional saving¹ of up to that amount, whether you're an eligible business customer or not.

¹Additional saving varies from model to model. For specific details of the additional saving, contact your local Dealer. ²Offer excludes the Audi S4 and Audi Q5. ³The government is providing general business with a 30% tax break and small business with a 50% tax break on motor vehicles. Eligibility criteria apply. For more details, or for specific advice regarding your business' eligibility, talk to your tax adviser.
