° Please note figures are sourced from overseas data where equipment levels by model variant may vary.

Δ Figures are calculated on the basis of 18 inch wheels. Fuel consumption, CO₂ emission data, energy consumption and range figures (as applicable to the vehicle in question) are derived from laboratory testing in accordance with ADR 81/02. Factors including but not limited to environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

Unladen vehicle weight includes driver (75kg) and fuel tank 90% full, calculated in accordance with the current version of Directive 92/21/EEC. Optional equipment may increase the car's unladen weight and drag coefficient, whereupon the possible payload limit and/or the top speed will be reduced accordingly.

* The content and scope of the Audi connect plus services offered may vary from time to time.
